

RADIO ISOTOPES CLAUSE 01/04/90

Notwithstanding the provision of the Nuclear Exclusion Clause, the Company shall indemnify the Assured, subject to the provisions contained in this insurance, for the loss of or damage to the Vessel and/or the damaged defined in Collision Liability Clauses contained in this insurance, caused by radioisotopes (excluding uranium, thorium, plutonium, compounds thereof and materials containing these radioisotopes) which are carried on board the Vessel in compliance with all the rules and regulations (national or international) regarding the carriage and storage of dangerous goods in ship.
