REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual report – 2009

1 In pursuance of the Maritime Safety Committee's instruction to the Secretariat to issue monthly reports of all incidents of piracy¹ and armed robbery against ships² reported to the Organization and, in addition, to issue, on a quarterly basis, composite reports accompanied by an analysis, on a regional basis, of the situation and an indication whether the frequency of incidents is increasing or decreasing and advising of any new feature or pattern of significance, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 01 January and 31 December 2009 including a distinction between acts of piracy and acts of armed robbery against ships and attempted attacks (annex 2). Further, and as instructed by the Committee (MSC 75/24, paragraph 18.41), the Secretariat has, since July 2002, started classifying separately any reported incidents of piracy and armed robbery **at sea** (international or territorial waters) *vis-à-vis* acts of armed robbery allegedly committed **in port areas**, as well as **attempted** acts of armed robbery.

¹ "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

- (a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:
 - (i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;
 - (ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;
- (b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;
- (c) any act inciting or of intentionally facilitating an act described in sub-paragraph (a) or (b)."

² "Armed robbery against ships" is defined in the Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships (resolution A.1025(26), Annex, paragraph 2.2), as follows:

"Armed robbery against ships" means any of the following acts:

- (a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;
- (b) any act of inciting or of intentionally facilitating an act described above".

2 At its sixty-sixth session in June 1996, the Committee further instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

3 Pursuant to this request, the annexes hereto provide information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2009 as well as a regional analysis thereof.

4 At its eighty-fifth session in December 2008, the Committee also instructed the Secretariat, *inter alia*, to include in future issues of MSC.4 circulars additional and separate annexes listing incidents occurring in waters off the coast of Somalia.

5 The number of acts of piracy and armed robbery against ships, which were reported to the Organization to have occurred or to have been attempted in 2009, was 406, an increase of 106 (24.6%) over the figure for 2008.

6 From the information referred to above, it emerges that the areas most affected in 2009 were East Africa and the Far East, in particular the South China Sea, West Africa, South America and the Caribbean* and the Indian Ocean. Over the period under review, the number of acts reported to have occurred or to have been attempted remained the same with 69 incidents in the South China Sea, in the Indian Ocean with 27 incidents and incidents in the Malacca Strait. The number of incidents has increased from 134 to 222 in East Africa and from 19 to 36 in South America and the Caribbean whereas the number of incidents reported for West Africa went down from 50 to 46. In the Arabian Sea, 2 incidents occurred, compared with 1 in 2008 and 1 incident was reported for the North Pacific and the Caspian Sea respectively, compared to nil last year. Most of the attacks worldwide were reported to have occurred or to have been attempted in international waters which are largely due to the steep increase in incidents off the coast of Somalia. However, for other regions of the world incidents mainly occur in the coastal States' concerned territorial waters while the ships were at anchor or berthed. In many of the reports received, the crews were violently attacked by groups of five to ten people carrying knives or guns.

7 From the same information, it emerges that, during the period under review, with numbers for 2008 in brackets, eight (6) crew members were killed, fifty-nine (42) crew members were reportedly injured/assaulted. About seven hundred and forty-six (774) crew members were reportedly taken hostage/kidnapped and nine (38) crew members are missing. Two (1) vessels are reportedly still unaccounted for, and fifty-six ships (51) were reportedly hijacked.

8 The total number of incidents of piracy and armed robbery against ships, reported to have occurred or to have been attempted from 1984 to the end of December 2008, has risen to 5,227.

9 With regard to acts of piracy and armed robbery against ships reported to the Organization, information on acts of piracy and armed robbery against ships reported to the Organization to have occurred or to have been attempted during 2009 has been circulated by means of monthly reports (MSC.4/Circ.130, MSC.4/Circ.134, MSC.4/Circ.135, MSC.4/Circ.136, MSC.4/Circ.137, MSC.4/Circ.138, MSC.4/Circ.141, MSC.4/Circ.142, MSC.4/Circ.143, MSC.4/Circ.145, MSC.4/Circ.146 and MSC.4/Circ.147) and quarterly reports (MSC.4/Circ.139, MSC.4/Circ.140, MSC.4/Circ.144 and MSC.4/Circ.151).

*

As reported to MSC 76 (MSC 76/23, paragraph 16.2), the geographically large South American and Caribbean region has been sub-divided into three regions: South America (Atlantic), South America (Pacific) and the Caribbean. This change is reflected in all relevant reports issued as of 1 January 2003.

10 The annexes to this document provide a breakdown of the information referred to above as follows:

- .1 annex 1 provides a list of all acts reported to have occurred or to have been attempted in 2009 in chronological order of occurrence;
- .2 annex 2 provides a regional analysis of acts reported to have been allegedly committed or attempted during 2009;
- .3 annex 3 provides a graphic presentation by area, on an annual basis, of the acts reported to have been allegedly committed or attempted during 2009;
- .4 annex 4 provides a graphic presentation by area, on an annual basis, of reports received between 1984 and January 2010; and
- .5 annex 5 provides list of all acts reported to have occurred or to have been attempted in waters off the coast of Somalia in 2009 in chronological order of occurrence.
