REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual report - 2002

1 The Maritime Safety Committee, at its sixty-fifth session in May 1995, instructed the Secretariat to issue, as from 31 July 1995, monthly reports of all incidents of piracy and armed robbery against ships reported to the Organization and, in addition, on a quarterly basis, composite reports accompanied by an analysis, on a regional basis, of the situation and an indication whether the frequency of incidents is increasing or decreasing and advising on any new feature or pattern of significance.

2 At its sixty-sixth session in June 1996, the Committee further instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

3 Pursuant to this request, the annex hereto provides information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2002 as well as a regional analysis thereof.

4 The number of acts of piracy and armed robbery against ships, which were reported to the Organization to have occurred or to have been attempted in 2002, was 383, an increase of 13 (4%) over the figure for 2001.

5 From the information referred to above, it emerges that the areas most affected in 2002 (i.e. five incidents reported or more) were the Far East, in particular the South China Sea and the Malacca Strait, South America and the Caribbean*, the Indian Ocean, West Africa and East Africa. Over the period under review, the number of acts reported to have occurred or to have been attempted increased from 2 to 3 in the Mediterranean Sea, from 120 to 140 in the South China Sea, from 23 to 67 in South America and the Caribbean and from 22 to 24 in East Africa. However, it decreased from 58 to 47 in West Africa, from 58 to 34 in the Malacca Strait and from 86 to 66 in the Indian Ocean, over the 2001 figures. Most of the attacks worldwide were reported to have occurred or to have been attempted in the coastal States' concerned territorial waters while the ships were at anchor or berthed. In many of the reports received, the crews were violently attacked by groups of five to ten people carrying knives or guns.

* As reported to MSC 76 (MSC 76/23, paragraph 16.2), the geographically large South American and Caribbean region has been sub-divided into three regions: South America (Atlantic), South America (Pacific) and the Caribbean. This change is reflected in all relevant reports issued as of 1 January 2003.

6 From the same information, it emerges that, during the period under review, six crew members of the ships involved were killed, fifty were wounded, thirty-eight went missing and thirty-eight were thrown overboard; to be later rescued in the reported incidents. It has also been reported that twelve ships were hijacked and eight went missing.

7 The total number of incidents of piracy and armed robbery against ships, reported to have occurred or to have been attempted from 1984 to the end of February 2003, has risen to 3,001.

8 With regard to acts of piracy and armed robbery against ships reported to the Organization since preparation of document MSC 75/18, information on acts of piracy and armed robbery against ships reported to the Organization to have occurred or to have been attempted during 2002 has been circulated by means of monthly reports (MSC.4/Circ.13, MSC.4/Circ.14, MSC.4/Circ.15, MSC.4/Circ.17, MSC.4/Circ.18, MSC.4/Circ.20, MSC.4/Circ.21, MSC.4/Circ.23, MSC.4/Circ.24, MSC.4/Circ.25, MSC.4/Circ.27, MSC.4/Circ.28, MSC.4/Circ.30 and MSC.4/Circ.31) and quarterly reports (MSC.4/Circ.19, MSC.4/Circ.22, MSC.4/Circ.26 and MSC.4/Circ.29).

9 The annexes to this document provide a breakdown of the information referred to above as follows:

.1 annex 1 provides a list of all acts reported to have occurred or to have been attempted in 2002 in chronological order of occurrence;

.2 annex 2 provides a regional analysis of acts reported to have occurred or to have been attempted in 2002;

.3 annex 3 provides a graphic presentation by location and month of occurrence of the 2002 acts reported to have occurred or to have been attempted;

.4 annex 4 provides maps showing the location of acts reported to have occurred or to have been attempted during 2002; and

.5 annex 5 provides a graphic presentation, on an annual basis, of reports received between 1984 and March 2003 based on their time of occurrence.
