REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual report - 2000

1 The Maritime Safety Committee, at its sixty-fifth session in May 1995, instructed the Secretariat to issue, as from 31 July 1995, monthly reports of all incidents of piracy and armed robbery against ships reported to the Organization and, in addition, on a quarterly basis, composite reports accompanied by an analysis, on a regional basis, of the situation and an indication whether the frequency of incidents is increasing or decreasing and advising on any new feature or pattern of significance.

2 At its sixty-sixth session in June 1996, the Committee instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

3 Pursuant to this request, the annex hereto provides information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2000 as well as a regional analysis thereof.

4 The number of acts of piracy and armed robbery against ships, which occurred in 2000, as reported to the Organization, was 471, an increase of 162 (52%) over the 1999 figures.

5 From the information referred to above, it emerges that the areas most affected in 2000 (i.e. five incidents reported or more) were the Far East, in particular the South China Sea and the Malacca Strait, the Indian Ocean, South America and the Caribbean, West Africa and East Africa. Over the period under review, the number of incidents reported to have occurred decreased from 4 to 2 in the Mediterranean Sea and from 36 to 33 in West Africa but increased from 37 to 112 in the Malacca Strait, from 136 to 140 in the South China Sea, from 51 to 109 in the Indian Ocean, from 16 to 29 in East Africa and from 29 to 41 in South America and the Caribbean over the 1999 figures. Most of the attacks worldwide were reported to have occurred in the coastal States' concerned territorial waters while the ships were at anchor or berthed. In many of the reports received, the crews were violently attacked by groups of five to ten people carrying knives or guns.

6 From the same information, it emerges that, during the period under review, seventy-two crew members of the ships involved were killed, one hundred and twenty-nine wounded and five missing in the reported incidents. It has also been revealed that two ships were hijacked, three missing and one destroyed. On three occasions, the attackers used explosive devices.

7 The total number of incidents of piracy and armed robbery against ships, reported to have occurred from 1984 to the end of March 2001, has risen to 2,226.

8 Information on acts of piracy and armed robbery against ships reported to the Organization to have occurred during 2000 has been circulated by means of monthly reports (MSC/Circ.941, MSC/Circ.943, MSC/Circ.945, MSC/Circ.968, MSC/Circ.969, MSC/Circ.972, MSC/Circ.973, MSC/Circ.974, MSC/Circ.976, MSC/Circ.977, MSC/Circ.985 and MSC/Circ.989) and quarterly reports (MSC/Circ.944, MSC/Circ.970, MSC/Circ.975 and MSC/Circ.986).

9 The annexes to this document provide a breakdown of the information referred to above as follows:

.1 annex 1 provides a list of all reported incidents which occurred in 2000 in chronological order of occurrence;

.2 annex 2 provides a regional analysis of incidents reported to have occurred in 2000;

.3 annex 3 provides a graphic presentation by location and month of occurrence of the 2000 reported incidents;

.4 annex 4 provides maps showing the location of reported incidents which occurred during 2000; and

.5 annex 5 provides a graphic presentation, on an annual basis, of reports received between 1984 and March 2001 based on their time of occurrence.
