[About IUMI](#)

## Introduction

The International Union of Marine Insurance is a professional body run by and for its members. It provides an essential forum to discuss and exchange ideas of common interest and to protect and advance members' interests.

It also provides through its worldwide communication network - a platform from which views on matters of concern to its members are disseminated to the marine and shipping industry, international organisations and international media.

IUMI has a unique status in the world of marine insurance and its members are dedicated to expand trade and to enter emerging markets.

### Insurance Headlines

[IUMI set to break attendance records at Copenhagen](#)

**Tuesday August 28 2007**

Denzil Stuart

NEXT month's 2007 conference of the International Union of Marine Insurance in Copenhagen is likely to break attendance records. With less than two weeks to the start on September 9, the organising committee from the Danish Insurance Association reports that upwards of 500 marine underwriters from 40 countries have registered.
