

- Yacht orders have exploded
- Accumulation needs to be taken seriously
- Greater emphasis on pre-risk surveys
- Potential catastrophe claims are a concern for the industry
- Apply Maximum Possible Loss scenarios
- An underwriter must be a manager of aggregations
- Never lose track of your large aggregations of values
- Apply Bob's "smell test"
- Develop and implement proper IT systems

IFY Committee Workshop

Escalating Values & Accumulations - Take-aways

Presentations on the IUMI website shortly
