

REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual report – 2010

1 In pursuance of the Maritime Safety Committee's instruction to the Secretariat to issue monthly reports of all incidents of piracy¹ and armed robbery against ships² reported to the Organization and, in addition, to issue, on a quarterly basis, composite reports accompanied by an analysis, on a regional basis, of the situation and an indication whether the frequency of incidents is increasing or decreasing and advising of any new feature or pattern of significance, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 1 January and 31 December 2010 including a distinction between acts of piracy and acts of armed robbery against ships and attempted attacks (annex 2). Further, and as instructed by the Committee (MSC 75/24, paragraph 18.41), the Secretariat has, since July 2002, started classifying separately any reported incidents of piracy and armed robbery **at sea** (international or territorial waters) *vis-à-vis* acts of armed robbery allegedly committed **in port areas**, as well as **attempted** acts of armed robbery.

2 At its sixty-sixth session in June 1996, the Committee further instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

¹ "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

- (a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:
 - (i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;
 - (ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;
- (b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;
- (c) any act inciting or of intentionally facilitating an act described in sub-paragraph (a) or (b)."

² "Armed robbery against ships" is defined in the Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships (resolution A.1025(26), Annex, paragraph 2.2), as follows:

"Armed robbery against ships" means any of the following acts:

- (a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;
- (b) any act of inciting or of intentionally facilitating an act described above."

3 Pursuant to this request, the annexes hereto provide information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2010 as well as a regional analysis thereof.

4 At its eighty-fifth session in December 2008, the Committee also instructed the Secretariat, *inter alia*, to include in future issues of MSC.4 circulars additional and separate annexes listing incidents occurring in waters off the coast of Somalia.

5 The number of acts of piracy and armed robbery against ships, which were reported to the Organization to have occurred or to have been attempted in 2010, was 489, an increase of 83 (20.4%) over the figure for 2009.

6 From the information referred to above, it emerges that the areas most affected in 2010 were East Africa and the Far East, in particular the South China Sea, followed by the Indian Ocean, West Africa, South America and the Caribbean*. The majority of incidents occurred off East Africa but as a result of the migration of the threat from Somalia-based pirates, the number of incidents in that area decreased from 222 to 172 while the number of attacks in the Indian Ocean increased from 27 in 2009 to 77 in 2010 and in the Arabian Sea 16 incidents were reported, compared with 2 incidents over the same period in 2009. A significant increase in incidents also occurred in the South China Sea where 134 reports were made to the Organization compared with the 77 incidents reported for 2009 out of which three occurred in the Malacca Strait. The number of reported acts of piracy and armed robbery increased from 36 to 40 in South America and the Caribbean whereas the number of incidents reported for West Africa remained almost the same with 47 incidents reported in 2010 compared with 46 reported in 2009. Two incidents were reported in the Persian Gulf and one in the Mediterranean Sea. Most of the attacks worldwide were reported to have occurred or to have been attempted in international waters, which is largely due to the steep increase in incidents off the coast of Somalia and in the Indian Ocean. However, for other regions the majority of incidents occurred in the territorial waters of the coastal States concerned while the ships were at anchor or berthed. In many of the reports received, the crews were violently attacked by groups of five to 10 people carrying knives or guns.

7 From the same information, it emerges that, during the period under review, with numbers for 2009 in brackets, two (8) crew members were killed and thirty (59) crew members were reportedly injured/assaulted. About one thousand and twenty-seven (746) crew members were reportedly taken hostage/kidnapped but no (9) crew members are missing. One (2) vessel is reportedly still unaccounted for, and fifty-seven ships (56) were reportedly hijacked.

8 The total number of incidents of piracy and armed robbery against ships, reported to have occurred or to have been attempted from 1984 to the end of December 2010, has risen to 5,716.

9 With regard to acts of piracy and armed robbery against ships reported to the Organization, information on acts of piracy and armed robbery against ships reported to the Organization to have occurred or to have been attempted during 2010 has been circulated by means of monthly reports (MSC.4/Circ.148, MSC.4/Circ.149, MSC.4/Circ.150, MSC.4/Circ.154, MSC.4/Circ.155, MSC.4/Circ.156, MSC.4/Circ.157, MSC.4/Circ.159, MSC.4/Circ.160, MSC.4/Circ.161, MSC.4/Circ.164 and MSC.4/Circ.165) and quarterly reports MSC.4/Circ.153, MSC.4/Circ.162, MSC.4/Circ.163 and MSC.4/Circ.166.

* As reported to MSC 76 (MSC 76/23, paragraph 16.2), the geographically large South American and Caribbean region has been sub-divided into three regions: South America (Atlantic), South America (Pacific) and the Caribbean. This change is reflected in all relevant reports issued as of 1 January 2003.

10 The annexes to this document provide a breakdown of the information referred to above as follows:

- .1 annex 1 provides a list of all acts reported to have occurred or to have been attempted in 2010 in chronological order of occurrence;
- .2 annex 2 provides a regional analysis of acts reported to have been allegedly committed or attempted during 2010;
- .3 annex 3 provides a graphical presentation by area, on an annual basis, of the acts reported to have been allegedly committed or attempted during 2010;
- .4 annex 4 provides a graphical presentation by area, on an annual basis, of reports received between 1984 and January 2011; and
- .5 annex 5 provides a list of all acts reported to have occurred or to have been attempted in waters off the coast of Somalia in 2010 in chronological order of occurrence.
