PIRACY AND ARMED ROBBERY AGAINST SHIPS

- 1 The Maritime Safety Committee, at its sixtieth session (6 to 10 April 1992), noting with deep concern the continuing attacks on ships and their crews by pirates and armed robbers in some parts of the world, invited Member Governments (MSC 60/21, paragraph 13.12), to consider nominating competent authorities in their Administrations to receive and process reports of such attacks from masters of ships.
- 2 By MSC/Circ.597 of 18 August 1992, Governments were invited to provide to the Organization, for circulation, the names and contact addresses of their national authorities designated to process reports of attacks received from masters of ships in their coastal waters.
- 3 A list of names and addresses of national authorities designated to receive and process reports of attacks provided by Member Governments in accordance with MSC/Circ.597 is given at annex.
